## 2023 Exhibition of Livestock and Poultry in Minnesota Summary of State Rule

### GENERAL REQUIREMENTS

The exhibition management may adopt more but not less restrictive health requirements than required by state rule.

Livestock or poultry known by the exhibitor to have an infectious, communicable disease or to have been exposed to an infectious, communicable disease, or to be from a **quarantined herd** or flock may not be entered in an exhibition. **Warts and ringworm** are considered communicable diseases. Therefore, livestock affected by these diseases cannot be exhibited. A statement from a veterinarian than an animal is being treated for these diseases is not acceptable.

All livestock will be **inspected** by the Official Veterinarian on the opening day of the exhibition and daily during the exhibition. The Official Veterinarian will order the immediate removal to a quarantine facility or removal from the exhibition premises of any livestock with symptoms of infectious or communicable diseases. Animals placed in a quarantine facility must remain there until removed from the exhibition premises. They may not enter a show ring. This includes livestock with **warts or ringworm**.

All testing must be conducted prior to the exhibition, and a record of the test results on a test chart or Intrastate Health Certificate must accompany the tested animals.

Livestock and poultry entered in a **petting exhibit** are not exempt from the exhibition rules if the animals are from more than one farm or there are other animals at the exhibit.

**SWINE** The previously required pseudorabies test will only be required for hogs originating from outside Minnesota or from one of the 10 counties with a Phase 3 status. Hogs originating from outside Minnesota or from Rock, Nobles, Jackson, Watonwan, Waseca, Blue Earth, Martin, Faribault, Freeborn or Mower counties must have a negative pseudorabies test. "Originated" means that all hogs born in one of the above 10 counties need to be pseudorabies tested. In other words, a 4-H hog purchased from a breeder in one of the above 10 counties but raised by a 4-H family in one of the remaining 77 counties would need to be tested.

**SHEEP** Scrapies concerns in the sheep industry have caused the creation of a National Scrapie Eradication Program. Breeding Ewes (any age) and Market Ewe Lambs need to be tagged with an official premise tag with unique serial number. These official tags can be ordered from the Minnesota Board of Animal Health at 651-296-2942 (ext. 30) or toll free at 866-873-2824 (ext. 30). There is no cost for the tags. Wether lambs do not need to be tagged. These official tags are in addition to the Minnesota 4-H ID tags also required. No health papers are required for the State Fair 4-H Sheep Show.

**GOATS** Scrapies concerns also exist in goats. Goats are in the educational phase of the process. There will be no requirements for official premise tags for State Fair goats. However, this may well be added for the 2022 show season. 4-H goat exhibitors should be advised to request official premise tags with unique serial numbers for all sexually intact goats they purchase. Official tags can be ordered from (and official tags registered with) the Minnesota Board of Animal Health at 651-296-2942 (ext. 30) or toll free at 866-873-2824 (ext. 30). There is no cost for the tags.

**BEEF, DAIRY, POULTRY, RABBITS**

Animals must meet the Minnesota Importation requirements in addition to the requirements outlined in this summary. Health certificates must list the Minnesota Exhibitions consignee and will be accepted if examination and tests are conducted within 90 days prior to the exhibition, except swine pseudorabies tests, which must be made within 30 days. The differential pseudorabies tests are not approved for exhibition.

**SLAUGHTER CLASSES (Terminal Shows)**

No health certificate, test or individual identification is needed if animals are isolated in a separate building from all other classes and all animals are slaughtered during or immediately following the exhibition. Common unloading chutes, alleys, and scales may not be used. A common show ring may be used if the slaughter class is shown last.

**DOGS**

Dogs over 6 months of ages must be accompanied by a current Certificate of Rabies Vaccination issued by a Licensed Veterinarian.

**Division A Horses**

**There will be NO Open Class Horse Exhibits at the 2023 Kandiyohi County Fair!**

#### Gang Policy

- The Kandiyohi County Fair Association recognizes that the presence of gangs, gang activity, and gang affiliations can cause a disruption of, or interfere with fair activities and fair safety. Gang activity, identifiers, or membership is contrary to the mission of the Kandiyohi County Fair.
- Gang identifiers, which may change periodically, are signs, gestures, insignias, symbols, colors or combinations of colors, clothing, and wearing apparel or accessories which are intended to publicly demonstrate an affiliation of a student with a gang.
- Examples of gang identifiers include, but are not limited to: gang colors, tattoos, bandannas, "do-rags," sweatbands, gang clothing, jewelry, emblems, badges, symbols, signs, 5 or 6 pointed stars, arrows, pitchforks, crowns, identifying numbers (i.e. 5, 6, 13, 14, 7-4, XIII, XIV), groups of names, initials, acronyms, playboy bunny insignia, a single glove, a heart with: wings, horns, tail, or any combination thereof, drama or theater masks, praying hands, martini glass, top hat, cane dollar sign, gang expressions (i.e. "amor de rey," "all is well," "all is one," "mi vida loca," "my crazy life," "crazy one," "Folks," "People," "BOS," "MOB," "Free Larry (Larry Hoover-founder of the Gangster Disciples), etc.), notches in eyebrows. The administration may add to the list of identifiers at any time.
- Any combination of clothing which, upon guidance from law enforcement agencies, commonly signifies gang identity, membership, or affiliation is prohibited.
- Public may not wear, or display, any gang identifiers while on fair property, or at fair-sponsored activities.
- Wearing pants below the waist line (sagging) is not allowed.
- Belt buckles with any initials are prohibited.
- Wearing an over-sized belt with one end hanging down is prohibited.
- Gang related hats, baseball type caps, or other gang related head gear may not be worn, nor worn in a tilted or cocked position, on fair property or at fair-sponsored activities. An official fair cap (approved by the association) representing the current fair of residence may be worn.
- NOTE: Gang members will wear the hat with the brim tilted or cocked to one side showing affiliation to the tilted side. This may be done in the front or the back of the head. At times the brim may be straight forward or backwards but the entire hat may be tilted to one side. They also wear stocking caps in the same way, with an emblem or a patch as a replacement for the brim of a baseball cap. It is true that this has become a fashion trend, but it is important to remember that the trend came from the "Gang Culture" and still signifies affiliation with the gang culture as the kids want to appear "Gangster" looking.

#### Tobacco & Electronic Device Policy

The Kandiyohi County Fair Board adopted a "County Fair Tobacco Policy" on July 11, 2011 and revised the policy on May 1, 2012. Prohibiting tobacco use serves to protect the health, safety and welfare of ALL fairgoers and animals at our county fair. Thank You for not using tobacco!

On June 1, 2015 the Kandiyohi County Fair Board revised the policy to also include prohibiting the use of Electronic Delivery Devices under the same guidelines as the "County Fair Tobacco Policy."

This is also the same for the use of electronic delivery device which shall mean any product containing or delivering nicotine, lobelia or ANY other substance intended (or not intended) for human consumption or that can be used by a person to simulate smoking through inhalation of vapor. Electronic delivery device shall include any component part of such a product; this includes the use of E-Cigarettes, e-cigars, e-pipes, or any and all other devices that are used for the purpose of inhalation.

  - All entities which have a cover or top over them (i.e. tents) and within 20 feet of the entrances.
  - Grandstand area and within 20 feet of the entrances.
  - An area where there is a large gathering of people and within 20 feet of the gathering.
  - Area's where live events are occurring (Lumberjack show, pig races, etc.) and within 20 feet of the areas.
- The Tobacco and Electronic Delivery Device Policy applies to all employees, volunteers, independent contractors and members of the general public while attending the Kandiyohi County Fair. The policy will be enforced by the Fair Board with the assistance of the Kandiyohi County Drug Free Communities (DFC) Coalition and the Students Working against Alcohol, Tobacco and Other Drugs (SWAT) Teams. Peer enforcement is also encouraged. Signs are posted throughout the fair to inform fair-goers of the tobacco and electronic device policy.

Any person found violating the policy will be asked to refrain from the use of the tobacco and/or electronic device or face immediate removal from the fair grounds and re-admittance will not be allowed that day.
